Member Project!**

CornerStone Home Renovation Can you meet the challenge?

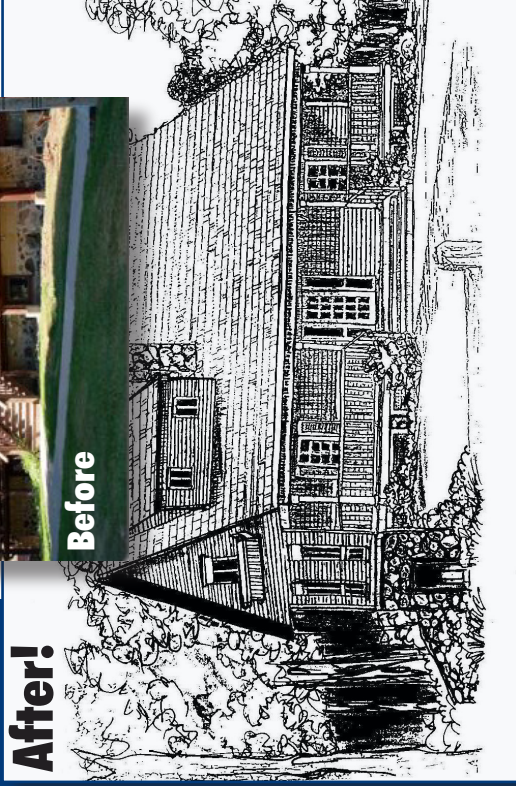

ABC of Wisconsin has always had a close relationship with Rawhide Boys Ranch. This relationship has allowed ABC members to have the privilege of meeting and listening to Green Bay Quarterback Bart Starr over the years and to be a proud sponsor of the ABC Home, paid for and built by ABC in 1999. Now Rawhide needs help in renovating one of the older homes on the grounds. The demanding standards the state requires of group housing includes requirements such as no chipping paint, alarms on doors and windows and even motion sensors in the halls. All this work requires time, money and material. As part of ABC's effort to be a good community member, ABC has taken on the task of getting this job done. ABC of Wisconsin and Rawhide Boys Ranch appreciates your willingness to help in any way you can.

November 3, 2006 is our goal for completion and will be celebrated at the Projects of Distinction Banquet!

Rawhide Boys Ranch is a 501 (c)3 nonprofit organization. All contributions are deductible.
