### Camp Gray The Ark - Gymnasium

Reedsburg, WI

### Holtz Builders, Inc

**Owner:** Camp Gray

**Designer:** Architectural Design Consultants, Inc.

The Camp Gray Catholic Camp and Retreat Center continues to grow with a new gymnasium that will provide year-round recreation to its guests. The Ark Gymnasium, built by Holtz Builders, Inc., features materials and a color palette that complement the wooded nature that surrounds it. Nestled in the forest, Camp Gray places an importance on environmental stewardship, so preserving the natural environment was an essential part of the project. Pine trees that needed to be removed from the site were used for much of the trim and wainscoting in the gymnasium.
