

ABC of Wisconsin Online Unpaid Electrical Apprenticeship

Earn unpaid hours for your apprenticeship with BlueVolt's online courses, brought to you by ABC of Wisconsin!

Choose from code change, code related, and industry related course bundles and study on your own schedule, at your own pace. These proven courses include the same content as license renewal courses.

Industry Courses: At no additional cost, each course includes mini-courses from industry-related manufacturers focused on safety and proper tool use.

Learn & Earn: \$BlueBucks rewards with each course bundle that you can use to pay for future courses.
