

Concrete Worker

Department: Construction Operations

Job Status: Full Time

FLSA Status: Non-Exempt

Reports To: Construction Operations Manager

Grade/Level: 1 thru 4

Amount of Travel Required: Occasional over-nite

Work Schedule: Monday thru Friday
Starting at 6:15 a.m. up to a 12 hour day.

Positions Supervised: None

POSITION SUMMARY

Entry to mid level concrete worker, capable of performing assigned duties and tasks as directed to effectively lay out, prepare, and complete activities associated with the successful installation of concrete floors, walls, footers and curbs. Skill and experience level greater than a helper or laborer, but less than a lead concrete worker, may need direction to perform more advanced concrete skills. Able to work with a crew on the construction of projects located outdoors or inside buildings.

ESSENTIAL FUNCTIONS:

1. Contact the Operations Manager daily to confirm availability for work prior to required start time in the event of illness, tardiness or when driving directly to the assigned jobsite.
2. Arrive at assigned worksite on time, ready and capable of performing required assignments.
3. Follow directions of immediate supervisor and carry out assigned tasks.
4. Retain knowledge learned on each project and have the ability to apply learned techniques to future projects.
5. Project a positive image at all times with customers, vendors, subcontractors, visitors and fellow employees
6. Follow established safety rules and regulations to maintain a safe, clean working environment.
7. Follow _____ code of conduct as listed in the Employee Handbook.
8. Carry out verbal and written instructions in a productive manner.
9. Organize assigned tasks, for completion either alone or with help.
10. Participate in all company sponsored training and meetings as required.
11. Work with a crew on the construction of projects located outdoors or inside buildings.
12. Use bobcat, shovels, trowels, floats and other tools and equipment to prepare and complete concrete projects as required.
13. Assemble wood and or steel components in the preparation and completion of concrete building projects, in a productive and accurate manner.
14. Read and interpret basic measuring devices to measure, mark, shape and cut to specifications construction material using hand tools, and machines or power saws.
15. Lift, carry and manipulate objects of up to 80 lbs. for extended distances of up to 150 feet.
16. Ensure proper use, care and maintenance of all company owned equipment.
